

SWALLOW's Friendship Flower

What does friendship mean to you? Could you help us create a bouquet of flowers for us to share with our friends by using this flower template to show us what you think of when you think of the word 'friendship'. Perhaps write your thoughts on the petals and colour it in rainbow colours to show how you feel.

Please send your decorated flower back to Charlotte at the SWALLOW office or email a scan or photo to: fundraising@swallowcharity.org or share on the SWALLOW Facebook page.
